

Release Notes

Vidyo Server for WebRTC

Version 3.2.2 (0010)

November, 2017

Doc. Rev A

About Vidyo Server for WebRTC Version 3.2.2 (0010)

What's in This Release

❖ **In this release, we've resolved these issues:**

- If the user's microphone is unmuted, Firefox® now displays a prompt for authorization to use their selected microphone device.
- When using Firefox to access Vidyo Server for WebRTC, users can now see all content shares during calls when the Session Manager's resolution configuration is set to "Quality".
- Users are no longer prevented from adding whitelisted VidyoPortals and using wildcards to add tenants.

Compatibility

To determine which version of the VidyoPortal™ your Vidyo Server for WebRTC is compatible with, go to <https://support.vidyocloud.com>, sign in, and refer to the [Vidyo compatibility matrix](#) article.

The following table shows the compatibility between the Vidyo Server for WebRTC version 3.2.2, OS platforms, and browsers.

Vidyo Server for WebRTC	Compatible Platforms	Compatible Browsers
3.2.2	<ul style="list-style-type: none"> ■ Windows® 7 32-bit and 64-bit ■ Windows 8.1 32-bit and 64-bit ■ Windows 10 ■ Mac® OS X 10.8.5, 10.9.4, 10.10.5, 10.11.3 ■ Android™ 4.4.4 ■ Linux®: <ul style="list-style-type: none"> □ Ubuntu® 12.04, 13.10, 14.04 □ Fedora™ 19, 20, 21 (Supported when using Chrome) □ Debian™ 7.0 (Supported when using Chrome) □ openSUSE®12.3, 13.1, 13.2 	<ul style="list-style-type: none"> ■ Two most recent versions of Chrome ■ Two most recent versions of Firefox

Note Vidyo Server for WebRTC may run successfully in environments other than those listed in the table above; however, only these environments have been tested and are supported by Vidyo.

Vidyo has tested the Vidyo Server for WebRTC using the out-of-box settings. Issues may occur when using different browsers and security settings.

Upgrade Notice

Note You must upgrade to Vidyo Server for WebRTC version 3.2.2 from version 3.2.1.

To upgrade to Vidyo Server for WebRTC version 3.2.2:

1. Log in to the Vidyo Server for WebRTC Admin UI.
2. Go to the *Maintenance > Upgrade* page.
3. Click **choose file** and select **vidyo-webrtc-3.2.2.0010-bundle-v513.vidyo**.
4. Click **Upgrade and Reboot**.
